RE: United States of America v. Bajram Lajqi
Cr. No. 11-486 (S-1)(DLI)

Dear Judge Irizarry,

*The court will address counsel's motion to be
relieved at a hearing to be scheduled. So ordered.
Dated: Brooklyn, NY 4/26/13 S/ Dora L. Irizarry USDJ*

I respectfully request that this submission be filed under seal because it involves my client's mental health in addition to the attorney-client relationship between me, Mr. Brian Jacobs, and Mr. Lajqi.

My office received this e-mail today and I am forwarding it to the Court so that you may be kept abreast of the current situation. We are at this point, dealing with an extremely volatile client who has made implicit threats but seems to discount the seriousness of his behavior. I again reiterate that it has become nearly impossible for us to engage with Mr. Lajqi in a productive manner because of his irrational and hostile suspicions. I do believe our relationship interferes with meaningful representation and would ask the Court to consider relieving our office.

Respectfully Submitted,

Murray Richman, Esq.
